**Date of birth:** 21/10/2004 | **Place of birth:** Giroc, Romania | **Nationality:** Romanian | **Gender:** Male | **Phone:** (+40) 753406734 (Mobile) | **Email address:** [dragos.napau@gmail.com](mailto:dragos.napau@gmail.com) | **GitHub:** <https://github.com/napaudragos> | **Whatsapp Messenger:** +40753406734 | **Address:** 307220, Giroc, Romania (Home)

## • ABOUT ME

### About me

As a 3rd-year Computer Science and Information Technology (CTI) student, I have expanded my academic horizons by voluntarily attending SCADA and IIoT (Node-RED) courses. Additionally, I have gained fundamental knowledge in PLC programming through an introductory online course. I am a motivated individual, eager to learn and committed to building a solid career in the field of industrial automation.

## • EDUCATION & TRAINING

09/2023 - Current - TIMISOARA, ROMANIA

**STUDENT** - POLITEHNICA UNIVERSITY OF TIMIȘOARA, FACULTY OF AUTOMATION AND COMPUTING.

**Field(s) of study:** Computer Science and Information Technology (CTI), Audited senior-year (Year 4) courses in SCADA and Industrial IoT (IIoT), including laboratory practice (Prof. A. Korodi) | **Website:** <https://ac.upt.ro/>

09/2019 - 06/2023 - TIMISOARA, ROMANIA

**HIGH SCHOOL GRADUATE**- "GRIGORE MOISIL" HIGHSCHOOL

Baccalaureate Diploma Final Grade: 9.48

Certificate of Professional Competence Practical Test: 10 Project: 10

**Field(s) of study:** Mathematics-Informatics Profile, Intensive Computer Science

### CERTIFICATIONS

**Field(s) of study:** Cambridge English: First (FCE) – B2 Level., PLC Programming (TIA Portal) – Udemy, IC3 Certiport Certificate

## • PROJECTS

15/09/2025

**Smart Industrial SCADA System (Parking & HVAC)** Designed and implemented an

integrated SCADA system in Ignition for smart parking monitoring and automated HVAC control, utilizing Python scripting and UDT-based tag architectures for scalability.

Link <https://github.com/napaudragos/SCADA-Proiect-Parcare-Ignition-Vision>

21/03/2026

**IIoT Gateway: Industrial Data Integration (Node-RED)** Designed and implemented a real-time data bridge to extract industrial telemetry from laboratory hardware via **OPC UA**, publishing the processed data to an **MQTT broker** for remote monitoring and dashboard visualization.

Link [https://github.com/napaudragos/node-red\\_IIOT\\_gateway OPCUA-MQTT](https://github.com/napaudragos/node-red_IIOT_gateway OPCUA-MQTT)

31/03/2025

**8bit ALU Simulation (Team Project)** Designed and simulated an 8-bit Arithmetic Logic Unit (ALU) using a Hardware Description Language (HDL) in Verilog

Link <https://github.com/napaudragos/ALU>

18/06/2025

**Cache Controller (Team Project)** In this project, I implemented a fully functional cache controller designed to mediate communication between the CPU (simulated here through a testbench) and the main memory. The architecture aims to optimize data access time through a high-performance and efficient cache system.

Link [https://github.com/napaudragos/Cache\\_Controller](https://github.com/napaudragos/Cache_Controller)

31/03/2025

**Treasure Hunt Simulation** Created a C program in the UNIX environment to simulate a treasure hunt game, allowing users to create, manage, and participate in hunts. The system uses files for clues, manages game state with processes and signals, and enables component interaction via pipes and redirects.

● **LANGUAGE SKILLS**

Mother tongue(s): **ROMANIAN**

|         | UNDERSTANDING |         | SPEAKING          |                    | WRITING |
|---------|---------------|---------|-------------------|--------------------|---------|
|         | Listening     | Reading | Spoken production | Spoken interaction |         |
| ENGLISH | B2            | B2      | B2                | B2                 | B2      |
| GERMAN  | A1            | A2      | A2                | A2                 | A1      |

● **SKILLS**

**Programming Languages**

C | C# | C++ | Java | Python | Verilog | SQL

**Automation & Industrial Tools**

SCADA (IGSS, Ignition Vision) | TIA Portal | Node-RED | Kepware | MATLAB

- **COMPETITION ACHIEVEMENTS**

---

06/2016

**Diploma – Second Prize in the INFOGIM 2016 Software Creativity Competition**

---

Issuing Institution: Timiș County School Inspectorate

2023

**Digital Innovation and Creativity Olympiad**

---

Issuing Institution: Ministry of Education, Timiș County School Inspectorate

- **VOLUNTEERING**

---

10/2022 - 07/2023 Timisoara

**Interact Timisoara membership certificate** As part of my involvement with Interact Club Timișoara, I coordinated the "Giving Tree" project, an initiative aimed at supporting a children's center through fundraising. Over the course of the three days dedicated to this project, we managed to raise 11,000 RON, which were used to purchase a washing machine, a clothes dryer, and to provide food for the Christmas meal. This experience was not only a success but also a valuable lesson in solidarity and the positive impact we can have on our community.

29/05/2022 - 03/06/2022 Timisoara

**Certificate of Participation in the "Explore For Tomorrow" Project – Erasmus+**

- **DRIVING LICENCE**

---

**Driving licence:** B
